

The industry leading wire laundry carts are now offered in our store, perfect for environments where humidity and/or salt air are prevalent.

Basket and base are chrome coated for the rust resistance available.

Four 5" swivel casters ensure flexible mobility, and 2 brakes are designed for prevent accidental slip when in still.

Comes standard with all stainless steel hardware

Bases are built with fully welded 7/8" heavy steel tubing and are guaranteed for life against breakage

Non-marking bumpers help protect equipment and walls from damage

We provide 5 different sizes of carts for you, the sizes and specifications are listed as below:
