

## Outdoor Towel Rack

### **INSTRUCTION:**

Now you do not need to worry about scattered towels, bathing suits and swimming trunks lying around in the pool area or even on the beach. The Portable Outdoor 5 Bar Towel Tree is an efficient way of organizing your things while waiting, relaxing, eating, and sleeping after a round of swimming. This towel rack is wide enough to have several towels hanging on it because of its dimensions which are 40-inch tall, 40-inch wide, and 18-inch deep. Adding to its efficiency is its portability and water-fillable large base that provides excellent stability. It is constructed with a durable plastic material that withstands rust and corrosion.
