OUTDOOR STORAGE SHELTER

USER MANUAL

We continue to be committed to provide you tools with competitive price.

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

VEVOR[®] OUTDOOR STORAGE SHELTER

MODEL:SCP0608

NEED HELP? CONTACT US!

Have product questions? Need technical support? Please feel free to contact us:

Technical Support and E-Warranty Certificate www.vevor.com/support

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

1. The instant garage needs to be installed on the smooth grass.
2. It is recommended to wear gloves during assembly.
3. You may need to use a ladder during assembly. Please pay attention to safety.
4. If any part of the product is damaged, please do not use it.
5. Do not stand or sit on top of the instant garage.
6. Do not smoke or use open flame devices in and around the instant garage to avoid fire.
7. In bad weather, the instant garage needs to be put away.
8. It is not recommended to use it in snowy conditions.
9. Assemble in strict accordance with the instructions, and use rope, anchor, and other accessories in the assembly process.

MODEL AND PARAMETERS
