# Safety precautions

## WARNING:

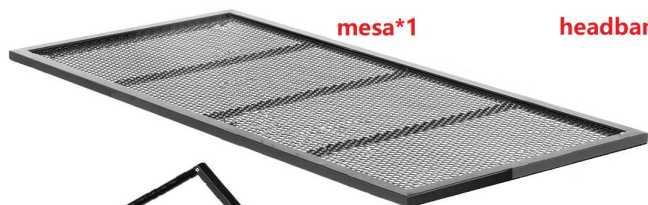

**Read this instructions** before using this product. Failure to do so can result in serious injury. the basic precautions should always be followed,including the following:

1. The livestock trimming stand may not be used or stored in hazardous areas. It is not allowed to use the appliance in hazardous locations.
2. The livestock trimming stand must be checked to ensure that it is in proper working order and is operating safely prior to use. Otherwise,the appliance must not be used.
3. Use as intended only. The Livestock Trimming Stand needs to be placed on level ground for use. If necessary, the four feet can be secured with ground nails.
4. The operator must use the livestock trimming stand properly. He must consider the local conditions and must pay attention to third parties,in particular children,when working with the livestock trimming stand.
5. This livestock trimming stand is not intended for use by persons (including children) with reduced physical,sensory or mental abilities or lacking experience and/or knowledge,unless they are super- vised by a person responsible for their safety or are instructed by these persons on the use of the device. Children should be supervised,to ensure that they do not play with the livestock trimming stand.
