This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there is any technology or software updates on our product.

INSTALLATION PRECAUTIONS

The storage tool box doesn't fit Stepside Truck Bed, and it only fits Fleetside Truck Bed. If your truck is equipped with bed liner or rugs, we do not suggest to install the Bracket-1 and Bracket-2 directly on the surface of the bed liner or rugs. You may need to properly trim the bed liner or rugs and attach the brackets onto the metal sheet of your truck bed. Please take essential safety precaution during the installation procedure. If you do not have enough installation skills, it is recommended to seek the help from a qualified mechanic. We recommend maximum weight capacity 75lbs.

HARDWARE INCLUDED

Driver Side (L)

Model: ZP20220406F01

INSTALLATION GUIDE- DRIVER SIDE(L)

1. Remove the Tail Light

- Remove two bolts circled as above;
- Open the tail light cover, set the tail light aside;
- Disconnect the wiring harness connector;
- Take off the tail light.

2. Install the Bracket-1

- Align the Bracket-1 to the mounting position;
- Fasten the Torx Bolt in the middle hole on the Bracket-1 first;
- Tighten the Bracket-1 from 1 to 3 as circled with the Torx Bolts.

3. Install the Bracket-2

- Locate the Tie-Down Plate on your truck bed;
- Remove the Tie-Down Plate by unscrewing the four bolts;
- Install the Bracket-2 with the original bolts and tighten them.

4. Install the Storage Tool Box

- Clasp the storage tool box onto the two Hinge Pins of Bracket-1;
- Push the storage tool box to the stowed position;
- Reinstall the tail light.

5. Test and Adjustment

- a. Pull the yellow latch to make sure the storage box rotates flexibly and latches smoothly;
- b. Please make some small adjustment if it won't latch freely, just loosen the two bolts on the latch;
- c. Installation completed;
- d. Lock the padlock into the hole if needed.
