## **INSTRUCTION FOR PRIVACY TENT**

**MODEL:KP280BR**

We continue to be committed to offering tools at competitive prices. "Save Half", "Half Price", or any other similar expressions used by us only represent an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and do not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when placing an order with us if you are saving half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

# 1. NOTICE Please retain instructions for future needs.

- 1.Keep clear of overhead power lines.
- 2.Do not set up your tent under trees because of potential lightning strikes or falling tree limbs in inclement weather.
- 3.For best results in windy conditions, position the narrow end of the tent into the wind.
- 4.Do not drop the tent.
- 5.Do not bounce the tent bag on its end to remove the tent, as these actions may damage the frame.
- 6.This recreational product requires a minimum of two people to assemble it.
- 7.Under no circumstances should this product be used to cover automobiles, marine products or similar items.
- 8.CAUTION: Avoid pinch points when opening and closing the tent frame.

## 2. SPECIFICATIONS
