STEEL WIRE SHELF

USER MANUAL

We continue to be committed to provide you tools with competitive price.

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

IMPORTANT SAFETY INSTRUCTIONS

	Warning - To reduce the risk of injury, user must read instructions manual carefully.
	This symbol, placed before a safety comment, indicates a kind of precaution, warning, or danger. Ignoring this warning may lead to an accident. To reduce the risk of injury, fire, or electrocution, please always follow the recommendation shown below.
	Warning- Be sure to wear gloves when using this product.

WARNING!

- 1) Keep this manual for the safety warnings and precautions. The manual offers important information on how to assemble, use and maintain this product.
- 2) Please handle metal edges carefully.
- 3) DO NOT stand on this product or use it as a ladder.
- 4) DO NOT alter this product in any manner that is not intended, as this may cause product damage or personal injury.
- 5) Always assemble on an even surface.
- 6) The maximum loaded weight for each shelf is no more than 180 kg, evenly distributed.
- 7) Store the heaviest items on lower shelves.
- 8) Attach the unit to the wall if filling to capacity (fittings not included).

ASSEMBLY PRECAUTIONS

1. Please assemble the product in strict accordance with the instructions. Incorrect assembly could be hazardous.
2. Please wear safety goggles and work gloves properly during assembly.
3. Do not try to assemble the product when feeling tired or when under the influence of alcohol, drugs or medication.

4. Load bearing capacity and other product parameters are applied to the properly and completely assembled product only.

5. A hammer and a pair of gloves may also be used, provided a cloth or wood block is placed between the hammer head and the parts.

USE PRECAUTIONS

1. This product is not a toy. Do not allow children to play with or get access to this item.

2. Check carefully before use. Do not use if parts get loosened or damaged.

4. Use on flat, level, and hard surfaces only.

5. Do not exceed the listed load bearing capacity. Tighten all the knobs securely before placing weights on. Be aware of the dynamic load bearing capacity! Sudden load changes may temporarily cause excessive load, resulting in product failure.
