This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

## ★Important Safety Instructions:

**WARNING:** Read carefully and understand all **ASSEMBLY AND OPERATION INSTRUCTIONS** before operating. Failure to follow the safety rules and other basic safety precautions may result in serious personal injury. Various dangers may occur if the hand lever grease gun is improperly handled during installation, commissioning and daily operation. Risk of injury and damage to material property because of improper handling. Hold the manual at the operational staff's disposal at the unit's usage site.

1. Country-specific safety measures and accident prevention regulations must be observed.
2. Only qualified and authorized persons are allowed to operate the trigger spray gun.
3. Persons are qualified if they are, due to their training, experience, instruction and knowledge of the relevant standards, able to assess assigned tasks and to identify potentially hazardous situations.
4. All persons charged with installation, operation, maintenance and repair must have read and understood these operating instructions.
5. Any use beyond these parameters can lead to serious risks and is regarded as use that is contrary to the intended purpose. The operator is responsible for damages resulting from use other than the intended use.

### **CAUTION:**

1. Comply with the machine manufacturer's maintenance and service instructions.
2. Defective accessories can lead to personal injury and material damage.
3. During their period of use, accessories must be checked for wear, cracks, and other damage.
4. Defective accessories should be replaced immediately.
5. Do not open the trigger spray gun when it is under pressure!
6. When using the trigger spray gun, use suitable equipment such as protective gloves and eye protection.

**SAVE THESE INSTRUCTIONS.**

Maximum Pressure	4000 psi
